Night to NURTURE GALA

The Grocery Foundation exists to feed hungry children in Ontario. On behalf of the grocery industry and in partnership with the leadership of non-profit organizations, we have donated in excess of over \$85 million benefitting numerous community initiatives dedicated to improving the lives of children. On behalf of the thousands of children you have supported, thank you for helping to nourish their dreams and abilities that will enable a brighter future. When we nurture a body, we grow a mind, we build a future, and we stand to change a world.

Kids Help Phone is a charity that provides counselling and referrals in both official languages as the only national helpline for young people. Since 1989, Kids Help Phone has offered kids and teens hope and support through its confidential and anonymous service. As an organization that speaks with young people every day, Kids Help Phone works to share their perspectives and improve their emotional health and well-being. Kids Help Phone raises the majority of its revenue from individuals, foundations, corporations, and community fundraising.
